Dear Mr. Dennis,

How small the world when you go most of the way accross the continent to hear from a man less then a hour by car from your home and but a half hour from your school!

The opinions and comments of your Cuban roommate, particularly because he is Cuban, would interest me greatly.

Of course you may interview me in the fall.

I'd also like to speak to Rev. Readon (?) because I am quite interested in the Oswald speech at Spring Hill. It is one of the last things he did before he went to Mexico. It is a speech, as my books point out, quite inconsistent with the official picture.

By fall we will have moved a little further from Washington. Our phone then will be 473-8133. It is closer to Frederick.

Thanks for your letter. I hope you are familiar with my books before the interview.

Sincerely,

Harold Weisberg
